of Manufacturers*

Guide to NAM Experts

2007

Guide to NAM Experts

2007

The NAM: Who We Are

The National Association of Manufacturers (NAM) is the nation's largest industrial trade association, representing small and large manufacturers in every industrial sector and in all 50 states. Headquartered in Washington, D.C., the NAM has 10 additional offices across the country.

The NAM's mission is to enhance the competitiveness of manufacturers by shaping a legislative and regulatory environment conducive to U.S. economic growth and to increase understanding among policymakers, the media and the general public about the vital role of manufacturing to America's economic future.

- ★ The NAM is the leading advocate of a pro-growth, pro-manufacturing agenda.
- ★ The NAM reinforces the legislative and regulatory activities of its member firms.
- ★ The NAM is member-led.
- ★ The NAM supports its members through a professional lobbying staff in Washington and regional offices across the country.
